

## CETEF'24 – JOIN US NOW!

It is our great pleasure to invite you to the 4th Central European Technology Forum – CETEF'24 which will be held in Krakow, Poland, on

**18-19.11.2024**

**CETEF** is a key international undertaking organized since 2014 by the Polish Chamber of Commerce for High Technology (IZTECH) and the Polish Federation of Engineering Associations **under the patronage of the European Parliament and under the auspices of the European Commission**, in cooperation with universities, research institutes and the high-tech industry.

### ENERGY TRANSFORMATION ROUND TABLE

- International platform for discussion on European policy in the development of technical fields that are decisive for the success of the energy transformation
- International Cooperation in Implementation of the Energy Transition through Research and Innovation - inspiring **international partner networks**
- Presenting **technological potential of Poland and the CEE region** to implement large European high-tech initiatives and Horizon Europe projects

We anticipate **over 1000 representatives** of technology providers, down-stream industry users, scientific organizations, engineering associations, governmental and financial institutions, including **personal participation of the Commissioner for Research, Science and Innovation**.

The Forum will be an ideal opportunity to discuss and share with other **stakeholders representing 16 countries of Central Europe**, findings and build partnerships that will shape the European technology and industry of tomorrow. The Forum is also expected to put forward some new ideas and proposals aiming at implementing the European technological and scientific agenda for years 2025-2030.
