

## THE CONGRESS WILL BE HELD ON JUNE 4-6, 2025 IN LUBIN.

In addition to participating in plenary and thematic sessions as well as accompanying events, participants will be able to learn more about the technology and the copper ore mining and smelting processes in the Divisions of KGHM Polska Miedź S.A.

The Congress will be accompanied by an exhibition of machinery and equipment for mining and metallurgy, provided by significant producers and suppliers on the domestic and global markets.

## CONGRESS TOPICS

The congress topics include issues related to the following areas:

- Resource base, production, current status and development prospects for copper ore mining.
- Conditions for the operation of copper mining and smelting in the global economy.
- Technical aspects of mining production and associated metals recovery technologies.
- Processing of non-ferrous metals under energy transformation conditions.
- Hazard prevention, risk management, work organization and safety.

## CHALLENGES AND DEVELOPMENT HORIZONS

June 4-6, 2025 in Lubin

Honorary Patronage of the CEO  
& President of the Management Board  
of KGHM Polska Miedź S.A.

The Association of Mining Engineers and Technicians, Lubin Division, Polish Copper Employers' Association and The Association of Engineers and Technicians of Non-Ferrous Metals (in Legnica and Głogów Copper Smelter) are delighted to invite you to participate in **the International Copper Ore Mining and Metallurgy Congress**.

We are convinced that Lubin once again will become an important meeting place for a wide range of representatives of mining and metallurgical companies as well as scientific and R&D units.

We hope to create a convenient forum for discussion, the exchange of experience and knowledge, which enable us to identify the most important problems and challenges facing copper producers and to determine the conditions for their effective operation in the global economy.

**Stefan Laskownicki**

The Chairman of the Organizing Committee

## CHALLENGES AND DEVELOPMENT HORIZONS

### COMPANY PRESENTATIONS
